

Easter Sunday

Dear Vicki & Jim,

What have you two been doing today? I expect Helen and Elmer are there and you all were together today.

We had dinner here with Ken's family and Jerry and Frances with us - We had a really nice time - altho the weather was quite awful - The worst we've had in a long time - heavy rains last night too and wind - I hope it hasn't blown the peach blossoms off! Of course, if it could be selective we wouldn't need to do so much thinning later on! Ha -

Jeffrey crawls pretty well now and wants to be "walked"

around holding onto your hands -
And he is such a smiley little
youngster - Hard to realize he'll
be a year old in a little over
a month -

By the way do you know
yet when you may be coming
out? When you do I can
ask for some time off - And
with our new postmaster
(postmistress?) arriving tomorrow
I won't know just how much
of a stickler she will be
about filling out the "proper"
forms for every thing - So
let me know when you know
something -

Thank you so much for
my beautiful birthday card!
I had a nice birthday dinner
with the family at Francis
to celebrate it and of course
I'm not counting anymore!

How did you enjoy your race last Sunday or was it two weeks ago? I hope the weather improved for it -

I suppose Jim is busily making preparation for the big "adventure" as you termed it - Sounds like fun to make all those plans but a lot of work is involved in it too - Have you had time to go car shopping yet?

Congratulations on your upcoming promotion dear! But you would be there to enjoy it - Does this mean you could come back to it later? Or that someone will just be a fortunate person to step into that position?

Jerry is still "looking" for a job - He's applied to Eastern Airlines as flight attendant - (Maybe I've already told you that) but hasn't heard anything

from Miami yet - I do hope he
 can get it because that seems
 to be what he wants - otherwise
 he may go back to school and
 finish up in business adm. -
 which would be fine - if he
 can just break that old pattern
 of goof-off - He puzzles us
 no end - If he could just
 get some real motivation
 going for himself - He is very
 capable but doesn't apply it
 that capability - Sometimes we
 think things could be changing
 but then they don't - meanwhile
 we try to keep on an even keel
 around here - And having been
 a family of just 2 for some
 time that's hard - Ha -

Surely was nice getting your
 long letter with all the news
 from - Let us know how
 things are progressing -
 Much love, Mom & Dad.
